

# APPRENTICESHIPS

## *A Pathway To Your Future*

### **What is a registered apprenticeship?**

A career pathway partnership between industry and education that includes on-the-job training, related classroom instruction, and progressive wages.

### **Why pursue an apprenticeship?**

Apprenticeships allow you to earn while you learn. Employers will pay for your wages and the cost of your training while you earn a national, transferable credential for life.

### **Who is eligible?**

Motivated high school seniors or adults who are interested in pursuing technical skills and a career in manufacturing.

### **What companies are a part of the program?**

Several Shelby & Jefferson County companies are employing apprentices including SEPCO, Alabama Plate Cutting Co., and Precision Grinding.

### **Who do I contact to learn more?**

Contact your high school career coach, 58 Inc, or The Shelby County Chamber to learn more about your next step.
