We have given careful attention to the school's program of studies and together have selected the above subjects for the upcoming school year. We understand that changes in course selection may not be possible once the master schedule has been established. We also understand that the student must remain in the chosen classes for an entire year. All class periods and teachers are scheduled by computer and in no way constitute grounds for requesting a schedule change. Elective alternates may be used if a course request is not possible.
